FLVS FINAL BUDGET FOR THE FISCAL YEAR 2021-22

1. For the 2021-22 final budget, funded FTE is expected to be 50,456.79. FLVS's funding per student is \$5,551.

Florida Education Finance Program (FEFP) revenues are estimated to be \$280,069,164.

- 2. The FY2021-22 General Fund FLVS Flex and FLVS Full-Time programs:
 - A. FLVS Flex semester completions are projected to decrease by 55,099 (8.74%), from 630,099 to 575,000. FLVS Flex grades K-5 are projected to decrease from 101,000 to 74,000 semester completions, and FLVS Flex grades 6-12 are projected to decrease from 490,983 to 462,500 semester completions. The Virtual Learning Labs are expected to remain flat at approximately 38,500 semester completions. FLVS Full Time, grades K-12, semester completions are projected to decrease by 2,911, from 131,710 to 128,799. Overall, the General Fund revenues for FLVS Flex, FLVS Full-Time, and the Virtual Learning Labs are projected to increase by \$28.8MM (from \$263.1MM to \$291.9MM).
 - In fiscal year 2020-21, the economic impact of the pandemic resulted in significant reductions in tourism and sales tax revenues throughout the State, which are primary State funding sources supporting the Florida school districts. In order to hold funding harmless for brick-and-mortar school districts, the Florida Department of Education issues emergency orders #6 and #7. While protecting school districts from significant enrollment declines, funding was not increased for growth. In the case of FLVS, had growth been funded we would have received additional revenue of approximately \$45MM. Even though completions are projected to decrease, the General Fund revenues for FLVS Flex, FLVS Full-Time, and the Virtual Learning Labs are projected to increase by \$28.8MM (from \$263.1MM to \$291.9MM).
 - B. The overall operating expenditures (funds 100, 101, 102, 109) for FLVS are projected to increase by \$24.9MM (from \$264.9MM amended 2020- 2021 budget to \$289.8MM). Below are some items that make up this cost increase:
 - Increase in FLEX, \$2.7MM, due to an overage of teachers related to COVID (teachers are expected to leave through attrition);
 - Increase in FT instructors and assistant principals due to revised completion estimates of \$6.4M;
 - Increase in the teacher salary increase allocation line item, \$3.4MM in additional teacher salary related to the State mandated instructor salary increase;
 - Increase of \$1.1MM in salaries and benefits for strategic growth;
 - New mental health allocation of \$2.0MM;
 - Increase of \$6.0MM in salaries/benefits for the IT roadmap initiative;
 - Increase in employer State retirement contributions of approximately \$300K.
 - C. For FY2021-22, the General Fund operating revenues (excluding funds 105, 107 & 123, which have restricted dollars) are estimated to be \$295.3MM, and operating expenditures are estimated to be \$289.8MM. Revenues over

appropriations are estimated to be \$5.5MM; and the ending fund balance is expected to be \$98.5MM.

- D. For FY2021-22, \$43.8MM in non-recurring funds has been set aside for a Reserve for Contingency. This is based on 15% of FLVS Flex, FLVS Full Time, and virtual learning lab revenues. The School must maintain a fund balance that is higher than what is typically expected of many other governmental agencies to (1) have funds available to periodically improve its products and services through capital investment, since the School is not authorized to borrow funds; (2) have adequate reserves available to cover the effects of potential State funding cuts, potential unanticipated enrollment, course completion reductions (Florida Virtual School is a choice school funded through successful student course completions), and unanticipated effects of the Florida 1.0 FTE sharing formula (funding per student varies based upon the proportionate share of courses taken with the School compared to other public schools in the State).
- 3. The enterprise operations projected revenues for FY2021-22 are \$53.9MM, projected enterprise operating costs excluding transfers out (\$12MM from Partner Services, Franchise Fund 930 to Operating Development Fund 123, \$8MM from Partner Services, Global Fund 921 and \$1MM from FLVS Global School Fund 922 to Course Development Fund 791) are \$31.1MM.
- Included in the development funds, which are funded through enterprise fund profits and course fees, will be the resources needed for various proposed strategic plan initiatives, including (1) curriculum development (fund 791) projects, \$4.9MM; (2) operating development (fund 123) projects \$2.1MM and non-recurring costs for the IT roadmap initiative, \$9.1MM.

FLVS FINANCIAL HISTORY

During the 1996 school year, Orange County, Florida, piloted a "Web School" with five online courses. The Florida Department of Education (FLDOE) acted as the catalyst in initially encouraging a partnership between Orange and Alachua Counties. In November 1996, the FLDOE provided the two districts with a \$200,000 "Break the Mold" school grant to develop the **Florida High School** (FHS) project. Following an intensive six-month period of planning and development, FHS officially launched with seven staff members in 1997.

Since that time, the School has had two name changes, **Florida Online High School** in 2000 and **Florida Virtual School** in 2001. Following the original grant, FLVS operated from a recurring line-item in Florida's legislative budget until the school year 2003-04, when FLVS became fully funded via the Florida Education Finance Program (FEFP). Since the \$200,000 grant in 1996, FLVS FEFP revenue has grown to \$280.0 million for school year 2021-22. FLVS is a source of digital education solutions and has served students in all 50 states and more than 100 countries and territories around the world. FLVS had headcount totaling just over 3,300 during fiscal year 2021 and has become the model for distance learning initiatives across the globe. The graph below shows the history of FLVS successful student half-credit completions in FLVS Flex and FLVS Full Time over the last six years. For the 2021-22 school year, it is projected that students will successfully complete 703,799 half-credits. Below is a history of FLVS Flex and FLVS Full Time completions from 2017 through budgeted 2022. The detail of the 2021-22 State funding calculation for FLVS is included in the Appendix.

FLVS Operating Budget Revenue Summary

The primary source of FLVS revenues is derived from the State of Florida Education Funding Program (FEFP) formula. FLVS operates FLVS Flex, a part-time option, whereby students may enroll in courses to meet their individual educational needs and FLVS Full Time, where FLVS is the primary instructional school for these students. Virtual school funding is based upon the successful completions of half-credit courses by FLVS students. The 2013 Florida Legislature revised the funding model for Kindergarten - 12 education to provide that all of a student's class time (in brick-and-mortar schools) and virtual class course work must be prorated to 1.0 FTE for funding purposes. Previously, a student could be fully funded (1.0 FTE class time) at his or her school and be fully funded for any additional coursework taken virtually (1/12 FTE per virtual class half-credit completion). Since a substantial number of the FLVS Flex enrollments are composed of brick-and-mortar students taking supplemental courses with FLVS, this change in law has primarily affected FLVS Flex. Included below is a history of the State funding for both FLVS Flex and FLVS Full Time.

REPORTED FULL-TIME EQUIVALENT (FTE) STUDENTS & STATE FUNDING (FEFP)

In addition to the State of Florida Education Funding detailed above, beginning in the 2013-14 fiscal year, the FLVS operating budget also began receiving funding through Digital Learning Lab contracts with school districts, whereby the school districts receive State funding for their students, but contract with FLVS to provide virtual education to their students. FLVS estimates it will receive \$10,962,693 in contracted Digital Learning Lab revenue in the 2020-21 fiscal year; and is projected to receive \$10,605,000 in the 2021-22 fiscal year. Self-Pay completions are expected to produce \$1,263,500 in revenues and miscellaneous revenues from items such as indirect costs, interest earnings, purchasing card rebates, etc. are projected to be \$3,426,797 in the 2021-22 fiscal year. Total combined state funded, labs, self-pay, and miscellaneous revenues are projected to be \$295.3MM.

FLVS Enterprise Funds Revenue Summaries

In addition to its operating budget, Florida Law authorizes FLVS to generate revenues through enterprise type operations.

Partner Services, Global & FLVS Global School

Partner Services, Global and FLVS Global School funds include revenue generated from the promotion, marketing, and sale of FLVS products and services outside of the state of Florida. Since 2001, Partner Services, Global has grown steadily in revenue, and any profits earned are reinvested back into FLVS.

Partner Services, Florida

This fund includes revenue generated from Partner Services, Florida that are managed by districts throughout the state of Florida. FLVS Franchises contract with FLVS to provide FLVS virtual course content to their students. Currently there are 41 franchises, representing 67 Florida counties. Included below is a six-year history of the revenues for these funds.

DESCRIPTION OF FUNDS

• General Operating Fund (100)

This fund consists of (1) revenue received from the Florida Education Finance Program (FEFP) from the State for the operation of the district's FLVS Flex program and (2) funding received from the operations of districts, whereby the school districts receive State funding for their students, but contract with FLVS to provide virtual education to their students.

• Reading Categorical (101)

The Reading Categorical, or Literacy fund, is comprised of funds received from the State to improve the reading proficiency of students. Appropriations in this fund include Literacy Coaches, Intensive Reading Instructors, and reading aids for elementary programs.

• Mental Health Assistance Categorical (102)

The purpose of the mental health assistance allocation is to provide supplemental funding to assist school districts in establishing or expanding comprehensive school-based mental health care, train educators and school staff in detecting and responding to mental health issues and connect children, youth and families who may experience behavioral health issues with appropriate services. Appropriations in this fund include, but are not limited to, mental health administration, social worker, school counselor, school psychologist, safety specialist, social-emotional learning specialist, and student services positions as well as mental health resources, tools, platforms, materials, and training.

• Driver Ed Behind the Wheel (105)

FLVS has agreements with the Orange County Board of County Commissioners and the Polk County School Board that provide enhancements to their online driver education courses through a behind-the-wheel (BTW) component. The behind-the-wheel component is provided through a third-party vendor. The funding is provided through an add-on assessment for moving violation traffic tickets. This is allowed under Florida Statute 318.1215, also known as the *Dori Slosberg Driver Education Safety Act*.

• Miscellaneous Grants (107)

The miscellaneous grants fund is comprised of funds received throughout the year from small miscellaneous grants.

• FLVS Full Time (109)

This fund consists of revenue received from the State's FEFP program for the operation of FLVS Full Time.

• FLVS Operating Development Funds (123)

The source of revenue for the FLVS development fund is a portion of the profit from Partner Services, Florida. The appropriations are allocated for non-course related projects, staff professional development and the IT Roadmap initiative which is an initiative to update and maintain FLVS systems for student success.

• Special Revenue Fund (420)

Title I, Part A - The purpose of these funds is to help all children gain a high-quality education and skills to master Florida Standards. Title I funds provide additional resources to schools with economically disadvantaged students. These resources provide intervention teachers, professional development, extra time for teaching, parent involvement activities, and other activities designed to raise student achievement.

Title II, Part A - The purpose of Title II is to enhance the quality of teaching and principal leadership in order to improve student achievement.

Title III, Part A – The purpose of Title III is to help ensure that English learners (Els) attain English language proficiency and meet state academic achievement standards.

Title IV, Part A - The purpose of Title IV, Part A is to provide students with access to a wellrounded education; to improve school conditions for student learning to support safe and healthy students; and to improve the use of technology in order to advance digital literacy of all students.

Title IX, Part A – Also known as the Florida McKinney-Vento Education for Homeless Children and Youth Program, the funds are to be used to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Services may be provided through programs on school grounds or at other facilities; shall be provided through existing programs and mechanisms that integrate homeless children and youth with non-homeless children and youth; and shall be designed to expand or improve services provided and part of a school's regular academic program, but not to replace such services provided under this program. These projects should supplement Local Educational Agency (LEA) funding to ensure that homeless children and youth have equal access to the same free, appropriate public education, including preschool education, as provided to other children and youth.

Individuals with Disabilities Education Act (IDEA) - The purpose of this funding is to ensure that all children with disabilities ages 3 through 21 have the right to a free appropriate public education (FAPE) designed to meet their individual needs and prepare them for employment and independent living. Funds shall be used to supplement the excess cost of providing special education and related services to students with disabilities.

Perkins Grant - The principal purpose of the grant is to expand CTE (career and technical education) opportunities for all students and help Florida residents realize the value of

CTE for professional success and wellbeing. The State plan is focused on impactful CTE initiatives including (1) increasing engagement, enrollment, and improving equity and access among special populations; (2) inclusion of registered apprenticeship and preapprenticeship related technical instruction; and (3) incentivizing the development of new CTE academic programs.

• CARES Act/ESSER II (44X)

Elementary and Secondary School Emergency Relief (ESSER) Fund 441 - The ESSER funds under the CARES Act are provided to Local Educational Agencies (LEA's) to address the impact that the Novel Coronavirus Disease 2019 ("COVID 19") has had, and continues to have, on elementary and secondary schools in Florida. This includes developing and implementing plans for educational services and continued learning.

Fund 442 - **Other CARES Act Relief (including GEER)** - The GEER funds under the CARES Act are provided to Local Educational Agencies (LEA's) to address the impact that the Novel Coronavirus Disease 2019 ("COVID 19") has had, and continues to have, on elementary and secondary schools in Florida. This includes developing and implementing summer recovery programs prioritizing target students with significant academic need defined as:

- Students who have been disconnected or hard to reach via distance learning.
- Grades K-3 students for 2019-20 (1-4 for 2020-21) identified with a substantial deficiency in reading based on the most recent available screening and progress monitoring assessment or other forms of assessment, and teacher recommendations; and K-3 students who may be at risk of retention, and any third-grade student with a substantial deficiency in reading must be prioritized.
- Grades 4-5 students who were level 1 or 2 on their most recent FSA and served in the lowest 300 performing or D and F schools across the state will also be eligible for summer program options to enhance literacy skills in reading and math.

Fund 443 - Elementary and Secondary School Emergency Relief II (ESSERII) – The ESSER II funds under the CRRSA Act are provided to Local Educational Agencies (LEA's) to address the impact that the Novel Coronavirus Disease 2019 ("COVID-19") has had, and continues to have, on elementary and secondary schools in Florida. This includes helping school districts and other LEA's safely reopen schools; restore and maintain high-quality learning environments; measure and effectively address significant learning loss; and take other actions to mitigate the impact of COVID-19 on the students and families who depend on our K-12 schools.

• FLVS Course Development Funds (791)

The FLVS course development fund is an internal service fund used to account for the development of FLVS courses. The sources of revenue for this fund include transfers from the FLVS enterprise funds and from course cost-reimbursement fees charged to the operating and enterprise funds. This fund is used to account for marketing, research, and

development activities related to developing and improving courseware and services to FLVS students.

• Partner Services, Global (921) & FLVS Global School (922)

Partner Services, Global and FLVS Global School funds include revenue generated from the promoting, marketing, and selling of FLVS products and services inside and outside of the state of Florida. Since 2001, Partner Services, Global has grown steadily in revenue, and any profit earned is reinvested back into FLVS.

• Partner Services, Florida (930)

This fund includes revenue generated from our Partner Services, Florida that are managed by districts throughout the state of Florida. Currently there are 41 franchises, representing 67 Florida counties.

• FLVS Health Insurance Trust (711)

The FLVS Health Insurance Trust fund is for the FLVS employer-sponsored group health and benefits plan that is provided to all eligible full-time employees. FLVS administers a self-funded group medical program and offers three different medical PPO plans for employees to choose from, with one plan being a lower-premium, higher-deductible plan with an employer-contributed HRA (health reimbursement arrangement). The current cost-sharing strategy to fund the medical plan includes FLVS paying approximately 85 percent towards employee-only monthly premiums, and 75 percent towards dependenttier premiums. Other lines of coverage that FLVS contributes to include employee-only low dental, basic life/AD&D (Accidental Death & Dismemberment), basic short-term disability, and long-term disability.

BUDGET SUMMARIES BY FUND

The following page provides a summary of each individual FLVS fund including the beginning fund balance, estimated revenue, budgeted expenditures, and the projected ending fund balance.

The subsequent pages show the budgets for the funds in more detail, with the related funds combined, including the General Fund (all 1XX funds) and the Global Services/Global School Funds (92X funds).

APPENDIX A

Calculation of FY2021-22 State FEFP Funding for FLVS

The first page includes the detail of the 2021-22 State FEFP calculation for FLVS for the Flex and Full Time Instructional Programs based upon the projected successful semester completions for each program.

Budget Summaries by Department

Following the calculation of FY2021-22 State FEFP funding are summaries of the overall FLVS budget broken down by department, including the total positions and budget for each.

FLVS Project Summary

The final portion of the appendix is a detailed summary of FLVS projects, including descriptions and cost summaries.
