Description: If you plan to begin your course at 1200 C.E., we have a *Ways of the World* for you! This brand-new brief edition combines the thorough examination of significant historical trends, themes, and developments that Strayer/Nelson is known for, but opens with an entirely new “Part One” written specifically for this new course. By first setting the stage of world history at 1200 C.E., Strayer and Nelson provide a thoughtful and insightful commentary that helps students see big picture of the 1200 start date and models historical thinking and writing throughout. Like the complete fourth edition, this briefer volume is even more focused on the needs of AP students, with AP Skills Workshops, DBQ-aligned Working with Evidence features, and more opportunities for students to hone their AP skills and practice for the exam.

The description of products or services intended for purchase from a single/sole source is posted in accordance with Florida Administrative Rule 6A-1.012(12)(d) and will remain posted for a period of seven (7) business days.
