

FLVS Full Time Public Schools Grades K-8 Homeschool Prior Academic History Form

Please use this form to document all Kindergarten through 8th grade courses completed through a homeschool program or curriculum. This information will be used to determine the most appropriate course placement for your student. If more information is needed you may be asked to submit additional documentation. **Please note:** Any courses completed at a public or private school should be documented on a report card or unofficial transcript and you should not use this form.

Directions: Please complete one form per student. **For grades K-6:** Submit academic history for the current year. **For grades 7-8:** Submit academic history for all middle school courses taken. For example, if applying for 7th grade, include academic history for all of 6th grade and current 7th grade. If applying for 8th grade, include academic history for all of 6th and 7th grade and current 8th grade. If the homeschooling curriculum your student completed issued progress reports or report cards, please submit that documentation. Florida home education students should also submit their district's most recent homeschool evaluation form as directed in the enrollment application.

Questions? Please call 800-374-1430 or visit flvs.net/fulltime.

Student's Full Name: _____ Student's Date of Birth: _____
